S.I.R. COIN PRESENTS:

MANY OUTSTANDING RARITIES INCLUDING MANY
COINS FROM THE B.T. PARKER COLLECTION

In the past two years, S.I.R. COIN Co. has handled more rare coins than anyone in the Southwest. We have consistently paid more than other dealers for rare material so consequently have always had a large inventory to offer the discriminating collector.

Included herein is the largest selection of rare coins we have ever had the pleasure of offering at one time.

This is especially fortunate in that there is now more demand for rarities than ever before. This is easily documented by the recent record-high auction prices. In very few years we feel that virtually all rare coins will be off the market. The lack of supply is becoming increasingly evident monthly.

Although today's prices might seem high by last year's standards, they most likely will seem cheap a year from now.

THANKS
SIR COIN

COLONIALS

1792	XF	
	Half-Disme.	These coins were reportedly made from Martha Washington's silverware. This piece will certainly highlight any premium Colonial collection.
		3,375.00

HALF CENTS

1793	Fine	895.00
1793	Ch. AU.	Really a pleasing coin. A prize acquisition for the Type Set collector. 5,950.00

LARGE CENTS

1793	XF, Chain.	Two small places on the obverse keep this coin from having a virtually perfect planchet, which is something quite unusual in early coppers. A perfect Type coin. 2,900.00
------	------------	---

1793	XF/AU, Chain.	Beautiful coin with nice even chocolate brown surfaces. Liberty's hair shows signs of retooling long ago, something which is characteristic of many high grade Chain Cents. Should sell quickly at . . . 3,975.00
------	---------------	---

1793	XF/AU, Wreath One Cent.	Sharply struck and beautiful matte-like surface which highlight the relief portions of the coin. 2,750.00
------	-------------------------	---

1794	Ch. AU, Sheldon 30.	Beautiful glossy brown color. A perfect type coin. 975.00
------	---------------------	---

1794	Unc.	This coin has full detail, but the surface is granular. It is still all and all a pleasing coin and should sell quickly. 1,450.00
------	------	---

1799	VG/F.	Nice planchet. 800.00
------	-------	-----------------------

1804	XF.	This coin is extremely rare in any grade over Fine. This is the first XF we have handled in many years. 1,875.00
------	-----	--

1814	Ch. AU.	Nice brown color. A perfect coin for the Type collector. Rare above XF. 595.00
------	---------	--

FLYING EAGLE CENTS

1856	Gem Proof	2,450.00
1858	Ch. Proof.	The '58's are probably 10 to 15 times more rare than the '56's. For the connoisseur. 2,950.00

LINCOLN CENTS

1914 D	Ch. BU	595.00
1914 D	Gem BU	695.00

TWO CENT PIECES

1873	Ch. Proof	625.00
------	-----------	--------

THREE CENT NICKELS

1857	Gem Proof.	Nicely toned. Quite scarce. 1,650.00
1858	Gem Proof	975.00

THREE CENT SILVER

1865	Ch. Proof.	Rarest Proof three-cent nickel. 550.00
------	------------	--

HALF DIMES

1797	BU.	Very rare coin. Much tougher than the dime. 2,950.00
------	-----	--

1839	Proof.	Coin is fully Proof with wire rims obverse and reverse, and square edges. A few minute hairlines, as evidenced on most early Proof coinage. A No Drapery Half is currently being offered at \$25,000. Our half dime has to be worth 2,950.00
------	--------	--

1853	Ch. Proof.	Very rare. Probably less than ten known. 1,395.00
------	------------	---

SHIELD NICKELS

1866	Rays	We have handled 5 or 6 Proofs before and this is the most fully brilliant we have had the opportunity to own. 1,195.00
------	------	--

1867	Rays	Very rare. Gem Proof. 3,950.00
------	------	--------------------------------

BUFFALO NICKELS

1918/17 D	Gem BU.	The rarest nickel coin ever made with the exception of the 1913. Probably only 4 or 5 coins exist in mint state. One coin recently sold for over \$10,000.00. We feel ours is reasonably priced at 8,500.00
-----------	---------	---

EARLY DIMES

1798	Ch. Unc.	A truly nice piece with one interesting die break extending from the nose through the 'Y' of Liberty. 2,975.00
------	----------	--

1829	Gem BU	895.00
------	--------	--------

1830	Ch. BU	695.00
------	--------	--------

1833	Gem BU	895.00
------	--------	--------

SEATED DIMES

1873 CC	Fine	795.00
---------	------	--------

MERCURY DIMES

1942/41	Ch. BU	795.00
---------	--------	--------

TWENTY CENT PCS.

1875 S	Gem BU.	This coin is a fully struck specimen with wholly Proof-like devices and a mirror surface. Formerly offered as a Proof. This is surely one of the finest known specimens. 1,295.00
--------	---------	---

EARLY QUARTERS

1796	Ch. BU.	This is to our knowledge the first time in many months that a coin of this date and quality has surfaced. This coin is fully lusterous with beautiful blue and green iridescent toning. It is softly struck at the center as most of this type are. It also has one small planchet flaw at 2 o'clock which is not at all serious. Underpriced on today's market. 11,500.00
------	---------	--

1804	XF/AU.	This is a much underrated coin and is probably rarer than the 1796 quarter. A Ch. BU brought \$25,000 a year ago and would probably bring much more today. This coin is completely free of any defects and has a nice even wear with no weakness in the strike which is typical of this series. 3,950.00
------	--------	--

1807	BU.	Much stronger strike than usual. 3,250.00
------	-----	---

1818	BU.	Lite rubbing 675.00
------	-----	---------------------

1836	Gem BU.	This coin is fully struck and has beautiful iridescent toning. One small hairline keeps it out of the superb category. 1,195.00
------	---------	---

1837	BU	650.00
------	----	--------

SEATED QUARTERS

1853 A & R, Ch.	BU	750.00
-----------------	----	--------

1858	Ch. Proof	595.00
------	-----------	--------

1878 S	Ch. BU.	A recent mint state specimen brought \$2,400 in auction. This coin is priced to sell. 1,275.00
--------	---------	--

EARLY HALVES

1794	BU.	Although this is not as rare as the dollar, it is in this grade an extremely rare coin. Probably less than 7 or 8 pieces of this quality exist and perhaps not even that many. The 1794 dollar brought \$110,000.00 almost six months ago. This coin should be well worth 14,750.00
------	-----	---

1795	Ch. BU.	This is the nicest 1795 Half we have ever had the pleasure of owning. Beautiful light gray iridescent toning. 8,950.00
------	---------	--

SEATED HALVES

1839	Ch. AU.	Strong strike. Nicely toned. 895.00
------	---------	-------------------------------------

1853 A & R.	BU

the final 5 to the inner curve of the 5. Any proof coinage before 1856 is incredibly rare and this being a two year type coin makes it even more in demand. Probably less than 6 or 7 pieces are known to exist. 8,950.00

1858 Ch. Proof 695.00

BARBER HALVES

1901 S Gem BU. Close to an MS-70 coin. 1,495.00

EARLY DOLLARS

1795 Ch. AU. Flowing hair type. BU's are bringing \$15,000 and up on today's market, so we feel our coin is priced reasonably. The coin is well struck with much of the original luster still adhering to the surfaces. One small flaw on the reverse is the only defect on the coin. The coloring and overall appearance of the coin is very pleasing. 4,900.00

1795 Unc. Beautiful golden toning. Rich lustrous surfaces. Only the slightest bit of rubbing keeps this out of the \$20,000 range. 10,950.00

1795 BU. Flowing hair. This coin is fully brilliant with only slight weakness through the center. Undoubtedly a coin which went to England during their coin collecting craze of the late 18th century which accounts for its remarkably fine state of preservation. Completely free of adjustment marks. 12,750.00

1796 VF 550.00

1796 XF/AU 1,350.00

1796 Ch. AU. Beautiful blue and gray toning. Just a shade away from uncirculated and \$15,000.00. 3,250.00

1798 XF 895.00

1799 XF 525.00

1799 Ch. BU. Fully lustrous. A prize coin. 3,950.00

1800 XF 525.00

1800 Ch. AU 1,495.00

1802 XF 525.00

1802 Ch. BU. Full strike. Original toning. 3,950.00

1838 Type One. Gem Proof. 3 struck. Plain edge. Plain field. A superb Gem Proof with beautiful original toning. If you seek the ultimate in quality and rarity, this coin is for you. With a total mintage of only 3 coins, it is miraculous and fortunate that one survived in perfect condition. The previous owner of this coin paid \$20,000.00 for it. Yours at only... 16,500.00

1839	Ch. Proof.	Gobrecht Dollar.	4,950.00
1841	Gem BU	1,295.00	
1842	Ch. Proof.	Early seated dollar proofs are much underrated. Probably less than 10 pieces of this date are known. 3,950.00	
1856	Gem Proof.	Less than 20 pieces known. 2,950.00	

MORGAN DOLLARS

1879 CC Ch. BU. Fully struck proof-like and not the so-called 'capped' CC as most P-L's of this date are. 650.00

1879 CC Gem BU. Full strike 600.00

1883 S Gem BU. This coin is fully Proof-like under a beautiful red, blue, and purple toning. For those who want only the best. 595.00

1889 CC Ch. AU 700.00

1893 O Ch. BU 595.00

1893 S Ch. AU 3,950.00

1895 S BU 795.00

1895 S Gem BU. Full mint bloom. 1,450.00

1921 Gem Proof. Exceedingly rare. In fact, by Scott's R-7, less than 15 known. At the Central States sale a hairline specimen realized \$2,750.00. We offer a Gem Proof for. 2,500.00

GOLD DOLLARS TYPE I

1852 C AU 695.00

1854 S BU. The only 'S' mint type one dollar gold piece. 795.00

GOLD DOLLARS TYPE II

1854/2 Ch. AU 695.00

1855/2 C Ch. AU. One of the rarest of all gold dollars with a mintage of only 9,803. An exceptionally choice planchet for this date, and fully lustrous, with only minor rubbing on the high points. Easily worth our asking price of... 2,950.00

1855/2 Ch. AU 695.00

1855/2 Unc. Borderline 1,195.00

1855/2 D XF/AU. Next to the '61-D dollar, this is probably the rarest Dahlonega mint coin. This is one of the neatest pieces to come on the market in a long time. 6,250.00

1856 S Ch. AU 1,450.00

1857 D AU. One of the top half dozen rarities in the Dahlonega series. 1,700.00

1860 D AU 5,500.00

1860 S BU 795.00

1870 S Gem BU. A superb example of this rare date. While there are several high grade

specimens which have sold in the past year, this is only the second full MS 65 coin we have seen or heard of being offered at any time. Probably 50% of the pieces still extant have been mounted in jewelry at one time (as is true of other San Francisco coinage in the early years) and even finding an undamaged example of this coin can be difficult. A true rarity at

4,250.00

1889 Gem Proof 950.00

QUARTER EAGLES

1808 BU. Extremely rare one year type coin. Mintage of 2,710. of which the vast majority were remelted. Less than 15 known and a major gold type coin. Scott's list this date with a valuation only in the grade VF and XF with the comment excessively rare in Unc. This coin can be best compared to the mint state 1796 Quarter Eagle with Stars which just realized \$33,000.00 at auction after spirited bidding between dealers. We feel when you consider the fact that this coin is a one year type coin and in mintstate it should be a wise investment. 19,500.00

1832 VF/XF. With BU's bringing \$6,000.00 and up, on this underrated type, we feel our XF should be an excellent value at 1,750.00

1846/4 O XF 975.00

1848 VF/XF. 'Cal'. In 1848 about 230 oz. of gold were sent to Secretary of War Marcy by Col. R. B. Mason from one of the early 1848 California gold discoveries. The gold was turned over to the mint and made into quarter eagles. The distinguishing mark 'Cal' was punched above the eagle on the reverse side while the coins were in the die. We offer a pleasing price for this rarity of 4,500.00

1848 Ch. AU. Only 7,489 minted. 1,295.00

1866	AU		1,150.00
1869	Ch. Proof.	Of a mintage of only 25 pieces, probably only 7 or 8 exist. The last sale we can find of one was about a year ago at \$5,000.00 and since then most gold rarities have appreciated a great deal. This is the first Proof \$5 prior to 1870 that we have ever handled, and subsequently we feel our asking price is a great bargain. Consider the scarceness of the coin.	6,950.00

1887	Proof.	Probably less than 20 pieces known. This coin is toned and has a few very light hairlines and a slight rim bruise at 2 o'clock. A true gem would easily be worth \$20,000.00 today so we feel that at our price this coin won't last too long.	12,900.00
1888	Gem Proof.	Mintage of only 95 pieces. Any proof gold in the 1880's is quite rare.	2,950.00

1804	Ch. AU.	Of all the early tens, this is the second rarest date. A BU piece sold for \$13,000 over a year ago. On today's market, we feel this coin is reasonably priced.	8,250.00

1839	XF	595.00	
1839	XF/AU	975.00	
1854 S	BU.	A fully gem coin brought \$6,000 plus in auction this year. This coin is not in that class, but nevertheless it is a very nice coin and is truly a rarity in this grade.	1,750.00
1860 S	BU.	This coin is fully uncirculated yet is not completely free of bagmarks. It is much more rare than the mintage would indicate. Probably less than 5 pieces of this grade are known. Should prove to be a wise investment.	3,750.00
1866	XF.	Very rare mintage of only 3,780. Well worth the price.	1,195.00
1879 O	AU.	Although the mintage figures are more, this coin is almost, if not equally, as rare as the 1883-O. Should prove to be a wise investment. As Breen states, only 12-15 pieces are known.	2,950.00

PATTERNS		
J 53	Gem BU	Billon, R-7, 1836 Two cents. Free of the usual die buckling characteristic of this type (J52-56). Billon, incidentally, is 9 parts copper and 1 part silver. A composition never used in a regular issue coin. 695.00
J 72	Gem Proof	Silver, P-6, 1838 Half dollar. A superb example of the last work of the Master William Kneass. The obverse dies were prepared in 1835 or before, the reverse design done by Gobrecht. Mr. Kneass's influence on the future work of Gobrecht is boldly evident in this beautiful pattern. Just beginning to tone. 4,500.00
J 73	Ch. Proof	Silver, R-6, 1838 Half dollar. Obverse as J72, reverse Gobrecht's Flying Eagle (rejected design). Cracked dies reverse, as are A restrikes. 3,900.00
J 79	Gem Proof	Silver, R-8, 1838 Half dollar. A superb gem, and one of two known originals with curved date. Absolutely free of reverse die cracks. This obverse with 'No Drapery' was adopted in 1839. Reverse is Gobrecht's Flying Eagle. A breathtakingly beautiful pattern. 10,500.00
J 102	Gem Proof	Silver, R-7, 1839 Half dollar. The adopted 'With Drapery' design. Entire coin designed by Gobrecht with reverse die cracks. Probably the Judd Plate coin. Extremely rare. 8,950.00
J 120	Gem BU	Billon, R-6, 1850 One cent. A ring coin, but unperforated. 395.00
J 125	Gem Proof	Silver, R-4, 1850 Three cent. Beautiful iridescent toning. Design similar to mexican coinage of this era. No doubt helping to get the design rejected. A simple design, but very attractive. 895.00
J 148	Gem BU	Copper-nickel, R-7, 1852 Gold dollar. By far the most ornate and attractive of the 1852 'Ring' dollars. Mellowed toning to a gorgeous red brown. 2,150.00

J 160 Gem Proof Copper, R-4, 1854 One cent. A common pattern, but seldom seen this nice. 575.00	J 262 Gem BU Rarity 7. A beautiful pattern with Paquet's rejected Liberty Seated obverse design and Longacres accepted reverse design. A light copper color just beginning to tone. 4,400.00	J 409 Gem Proof Copper nickel, R-7, 1865 Two cents. The regular die trial, but with nickel instead of tin and zinc as the copper alloy. 675.00
J 173 Gem Proof Bronze, R-7, 1855 One cent. A superb gem example of this not to common pattern. Exceptionally well struck (most show weakness, as do the regular issue small size Flying Eagle cents). A R-7 rating is undoubtedly optimistic for this coin, but the quality bears out our price of 795.00	J 267 Gem Proof Silver, R-4, 1860 Half Dime. The famed transitional half dime, and one of the most sought of all patterns. The inscription "United States of America" is missing entirely from this coin, as this was the time it was being transferred from the reverse to the obverse. Regular obverse die of 1859, but dated 1860. Regular reverse die of 1860. The "coin without a country" can be yours at 2,950.00	J 417 Gem Proof Copper nickel, R-6, Shield nickel Regular dies as adopted in 1866 with rays. 1,195.00
J 188 Gem Proof Copper, R-7, 1857 Quarter dollar. Regular obverse dies for the 1857 Quarter, reverse is plain except for lettering. Really unusual! 1,695.00	J 290 Ch. AU Copper, R-8, 1862 One cent. The regular die trial in copper, but with no nickel alloy. 375.00	J 423 Gem Proof Silver, R-7, 1865 Quarter. A superb example of the seldom seen Pacquet reverse, a beautiful design. High wire rim on reverse. Outstanding quality, richly toned. 1,195.00
J 191 Gem Proof Copper nickel, R-5, 1858 One cent. Very similar to the regular 1858 S.L. Flying Eagle cent. Superb quality, as are almost all the patterns in this offering. Absolutely free of carbon. 950.00	J 299 Gem Proof Bronze, R-1, 1863 One cent. The regular dies for the 1864 Bronze no 'L' Indian cent. Dies aligned straight up, as often seen on Gobrecht dollars. A pristine gem in all respects. Beautifully toned. 895.00	J 461 Gem Proof Nickel, R-6, 1866 five cents. Another superb gem, with none of the dullness usually seen on nickel patterns. Bust of Washington on obverse, reverse has "5 cents" in laurel wreath. 895.00
J 204 Gem Proof Copper nickel, R-5, 1858 One cent. The most attractive obverse/reverse pairing of the rejected 1858's 545.00	J 305 Gem Proof Bronze, R-4, 1863 Two cents. Bust of Washington with motto "God and our country". As with almost every copper pattern in this offering. This coin is 100% free of any carbon spots. This is very unusual for any early copper. Particularly so for patterns. All the more desirable at 795.00	J 489 Gem Proof Nickel, R-6, 1866 Five cents. Somewhat similar to the adopted design. Highly unusual reverse, with "Dutch 5" amidst asymmetrical wreath. Another sparkling gem. 895.00
J 108 Gem Proof Copper nickel, R-4, 1858 One cent. The Indian Head design as adopted in 1859. A blazing Gem Proof in full original brilliance. Another super quality pattern from this super offering at 450.00	J 306 Ch. Proof Washington Two cent, R-7. 795.00	J 507 Ch. Proof 1866 Five cents with no rays. R-6. 1,795.00
J 212 Gem Proof Copper nickel, R-5, 1858 One cent. Indian Head design. 395.00	J 325 Gem Proof Silver, R-5, 1863 Dime. One of the most unusual patterns ever struck. Obverse shield with inscription "exchanged for U.S. notes". Reverse inscribed "Postage currency, 10 cents 1863, act July, 1862." Many pattern "old timers" profess to having never seen this "R-5" coin. Probably way underpriced at 895.00	J 512 Ch. Proof Shield nickel, Unique. Regular dies, trail piece, struck in steel making it magnetic. Reasonably priced for a unique coin. 1,975.00
J 228 Gem Proof Copper nickel, R-6, 1859 One cent. The adopted obverse of 1859, the adopted reverse of 1860. Two first year of type varieties on one coin! Definitely the R-6 proof, with mirror surfaces and a high wire rim. 525.00	J 381 Gem Proof Copper, R-7, 1864 Dime. The regular die trials piece in copper. The 1864 dime regular issue is a rarity in itself, the pattern is much rarer. A few minor carbon spots. 495.00	J 541 Gem Proof Copper, R-7, 1866 Silver dollar. The regular die trial in copper. Rich red-gold toning. 2,250.00
J 235 Ch. Proof Silver, R-4, 1859 Half dollar. Undoubtedly much rarer than the R-4 rating given. The highest wire rim we have ever seen on any coin. The famed 'Pacquet' design, and a much sought after pattern. 675.00	J 382 Gem Proof Aluminum, R-8, 1864 Dime. The dime specialist will love this great rarity at only 695.00	J 561 Gem Proof Aluminum, R-6, 1867 Five cents. Longacre's most unusual obverse design. Ribbon inscribed "Union and Liberty" extends from Miss Liberty's head. Large "V" in shield on reverse. Interesting. 1,195.00
J 237 Gem Proof Silver, R-4, 1859 Half dollar. Beautiful steel blue toning. The Longacre design, usually seen in copper. Much rarer than J238, even though they have the same rarity rating. 750.00		J 563 Gem Proof Copper, R-8, 1867 Five cents. As above, but in copper. 1,295.00
		J 606 Gem Proof Copper, R-7, 1868 One cent. Similar to the adopted three-cent nickel, but with "I" in wreath. Evidence of die lapping, which probably means the copper pieces were struck last and that the nickel and/or aluminum pieces of this type were struck in greater quantity than indicated by Judd. 595.00
		J 615 Gem Proof Nickel, R-5, 1868 Three cent. (continued)

Extremely broad obverse edge, similar to adopted design. Reverse wreath similar to adopted Flying Eagle cent reverse. Exceptionally nice three-cent nickel pattern	J 754 Gem Proof 1869 Liberty Coronet Half dollar struck in silver with reeded edge and standard silver reverse. R-5 525.00	J 877 Gem Proof Silver, R-6, 1870 Quarter dollar. Obverse the Barber seated liberty design. "Standard" reverse. Beautiful peripheral toning. 1,195.00
J 627 Gem Proof Copper, R-7, 1868 Five Cent. Broad planchet. Obverse similar to adopted three cent nickel. Reverse "5 cents" in laurel wreath. The broad planchet patterns are among the most popular, as none were adopted in any denomination. 795.00	J 756 Gem Proof Copper, R-5, 1869 Half dollar. Deeply toned. Exceptionally nice surfaces. The collector who assembled these patterns was very quality conscious. As the planchets are free of the flaws usually seen and the carbon spots are minimal to nonexistent. This coin is another example of this collector's discriminating efforts. 895.00	J 885 Gem Proof Copper, R-6, 1870 Quarter dollar. Barber design obverse as above, reverse the accepted "with motto" die. 795.00
J 633 Gem Proof Nickel, R-4, 1868 Five Cents. Similar to three-cent nickel adopted design, but with star in coronet. Reverse has small maltese cross in folds of ribbon. Unusual. 595.00	J 759 Gem Proof Aluminum, R-6, 1869 Half dollar. Extremely high wire rims. Liberty wearing coronet inscribed "Liberty" with one star. Standard silver reverse. 475.00	J 889 Gem Proof Silver, P-6, 1870 Quarter dollar. Liberty cap with 3 stars obverse, cotton and corn wreath reverse, "standard" above. An outstanding example of this popular pattern. 695.00
J 648 Gem Proof Copper, P-5, 1868 Ten Cents. A blazing full red gem with no trace of carbon. Large cent obverse as used in 1850's. "Ten Cents" in laurel wreath. The quality is outstanding, the price is reasonable at 7,250.00	J 811 Gem Proof Copper, R-6, 1870 Half dime. Barber design, obverse (seated liberty rejected design), reverse "5 cents" in wreath. 650.00	J 890 Gem Proof Copper, R-6, 1870 Quarter dollar. As above, but in copper. 475.00
J 663 Gem Proof Aluminum \$10. P-7. Beautiful design. 1,950.00	J 816 Gem Proof Silver, P-6, 1870 Half dime. Obverse as above, reverse the regular accepted half dime die. Just starting to tone. 745.00	J 894 Gem Proof Silver, R-6, 1870 Quarter dollar. Liberty wearing diadem, reverse as above. Frosted devices. Another superb pattern. 475.00
J 694 Gem Proof Nickel, R-8, 1869 Half dime. The regular die trial for this date. 1,000.00	J 819 Gem Proof Aluminum, R-6, 1870 Half dime. As above, but struck in aluminum. 750.00	J 901 Gem Proof Silver, P-6, 1870 quarter dollar. Exquisite iridescent toning. Liberty wearing coronet, inscribed "Liberty" in raised letters. Reverse as above. 595.00
J 703 Gem Proof Silver, R-7, 1869 Dime. Part of the fascinating "standard silver" series, intended to replace fractional currency. While none of these designs reached acceptance. This is one of the most collected of all pattern series. A flawless example. 375.00	J 831 Gem Proof Silver, R-6, 1870 dime. A superb gem coin in all respects. Barber's seated liberty obverse, the accepted die reverse. 750.00	J 931 Gem Proof Aluminum, R-6, 1870 Half dollar. An outstanding aluminum pattern, free of planchet defects and carbon. Fully brilliant. Barber design obverse, "50 cents" in wreath on reverse. High wire rim. 1,175.00
J 708 Gem Proof Silver, R-5, 1869 Dime. Head of Liberty wearing a coronet with one star. Standard silver reverse. Superb toning. 395.00	J 835 Gem Proof Aluminum, R-6, 1870 Dime. As above, but in aluminum. 595.00	J 934 Gem Proof Silver, R-6, 1870 Half dollar. Barber design obverse, regular die reverse. Nicely toned. 1,650.00
J 732 Gem Proof Aluminum, R-6, 1869 Quarter dollar. As is the rule with this offering, another superb gem. As with J703, Liberty is wearing diadem, a ribbon inscribed "Liberty" in raised letters. Standard silver reverse. A familiar, but beautiful design. 395.00	J 840 Gem Proof Copper, R-6, 1870 Dime. One of the "busiest" of patterns, with multiple designs tested on obverse and reverse. 395.00	J 936 Gem Proof Copper, R-6, 1870 Half dollar. Design as above. A superb gem in all respects, beautifully toned. 1,195.00
J 738 Gem Proof Aluminum, R-6, 1869 Quarter dollar. Design as with J 708. Standard silver reverse. 395.00	J 848 Gem Proof Aluminum, R-6, 1870 Dime. Liberty wearing diadem "IN GOD WE TRUST" on scroll below. Reverse as above, with "10 Cents 1870" within a wreath of cotton and corn, "standard above". 395.00	J 940 Gem Proof Silver, R-6, 1870 Half dollar. Perhaps the most attractively toned coin in this entire offering. Liberty wearing cap with 2 stars, "standard" reverse. 595.00
J 748 Gem Proof Silver, P-5, 1869 Half dollar. Obverse same as J732. Georgeous iridescent toning. 875.00	J 854 Gem Proof Aluminum, R-6, 1870 Dime. Head of Liberty wearing a coronet with one star, reverse as above. 395.00	J 949 Gem Proof Aluminum, R-7, 1870 Half dollar. Minor planchet flaw on obverse, as usual with aluminum patterns. Still, a very attractive pattern. "Liberty" in raised letters, standard reverse. 495.00
	J 856 Gem Proof Silver, R-6, 1870 Dime. Standard silver design, Attractive mottled toning in browns, reds, and blue. 495.00	J 955 Gem Proof Aluminum, R-6, 1870 half dollar. Superb quality. Liberty wearing diadem, "In God We Trust" on scroll below. "Standard" reverse. (continued)

Fully brilliant (most aluminum patterns are dull, as they cannot be cleaned as can silver coins.) All aluminum patterns in this offering are original. 595.00	utely pristine in color and surfaces. Deeply toned. Stars added to obverse of Longacre's Indian princess design. "Standard" reverse. 900.00	believe that it is in fact unique. 2,950.00
J 988 Gem Proof Silver, R-6, 1870 Half dollar. Superbly toned. Liberty wearing a coronet inscribed "Liberty". "Standard silver" reverse. Over 95% of these patterns are gems, and this is one of the nicest. 750.00	J 1091 Gem Proof Copper, R-7, 1871 Quarter dollar. Longacre design without stars. "Standard" reverse., with "25 cents" in a wreath of cotton and corn. 725.00	J 1212 Gem Proof Silver, R-7, 1872 Silver dollar. The Longacre design mated to the highly unusual "commercial dollar" reverse. This coin was the prelude to the trade dollar, with 420 grains of silver, 900 fine. Comptroller of the currency, John Jay Knox, would permit authorization of this coin only if it were a "commercial dollar, not a standard unit of account". Under the act of 1873, the trade dollar came into being, and the "commercial" dollar dropped from numismatic immortality. One of the greatest of pattern rarities, and most eagerly sought by pattern and dollar collectors alike. 6,200.00
J 1002 Gem Proof Silver, R-7, 1870 Silver dollar. One of the most attractive of all dollar patterns. With Barber's seated liberty mated with the regular die reverse. Just starting to tone. A great rarity. 3,750.00	J 1093 Gem Proof Silver, R-7, 1871 Quarter dollar. From the standpoint of quality, this has to be the finest offering ever of the Longacre Indian princess designs. Plain field. Regular die reverse. 1,750.00	J 1315 Gem Proof Silver, R-5, 1873 Trade dollar. The Baily design. A gem proof of unimprovable quality, with all devices frosted snow white. Both obverse and reverse are unique in design, and Baily's interpretation of Miss Liberty is fascinating. Unusual, and incredibly desirable. 3,950.00
J 1053 Gem Proof Nickel, R-6, 1871 five cents. Similar to three-cent nickel obverse, reverse "5 cents" in laurel wreath. Richly toned. 695.00	J 1098 Gem Proof Aluminum, R-7 1871 Quarter dollar Another flawless gem. Don't pass up this quality, as you will undoubtedly have to settle for inferior specimens later. 950.00	J 1103 Gem Proof 1871 Quarter in aluminum from regular dies. R-7. Only 4-12 pieces struck. Underrated due to its rarity and the fact that it would make an excellent addition to a top seated liberty quarter collection. 525.00
J 1059 Gem Proof Silver, R-7, 1871 Half dime. The beautiful Longacre design of Liberty wearing Indian headdress. Plain field, reminiscent of the 1837 no stars, half dime. Reverse has wreath of cotton and corn surrounding "5 cents". This very desirable pattern can be yours at 1,150.00	J 1111 Gem Proof Silver, R-7, 1871 Half dollar. Again the Longacre design, stars obverse. "Standard" reverse. Original toning. Why wasn't this beautifull design adopted? 2,650.00	J 1316 Gem Proof Regular issue two cent. Design perfect. For the person who would like to expand his collection. 1,995.00
J 1061 Gem Proof Aluminum, R-7, 1871 Half dime. As above, but struck in aluminum 750.00	J 1129 Gem Proof Copper, R-7, 1871 silver dollar. We have exhausted all superlatives about this string of Longacre patterns. Let me put it this way: We haven't exaggerated one. Hurry on this one at 2,400.00	J 1414 Ch. Proof Copper, R-6, 1875 twenty cent piece. The regular die trial. 1,450.00
J 1063 Gem Proof Copper, R-7, 1871 Half dime. The Longacre design, as above, with regular die reverse. The beauty of this coin in copper has to be seen to be believed. Superb. 850.00	J 1133 Ch. Proof Silver, R-7, 1871 Silver dollar. Longacre design obverse, reverse "I dollar" in wreath with "standard" at top. Another great rarity. 2,800.00	J 1418 Gem Proof Copper, R-7, 1875 Half dollar. Regular die trial. A glittering gem, just starting to tone. 1,750.00
J 1065 Gem Proof Silver, R-7, 1871 Half dime. Longacre design, with stars. "5 cents" in wreath on reverse. Beauty, quality, rarity, for only 1,350.00	J 1146 Gem Proof Silver, R-7, 1871 Silver dollar. Gorgeous iridescent tone about periphgry, entire coin toned in red and blue splashes. Regular die reverse, obverse Longacre's seated liberty. 13 stars, with twenty two additional stars on flag. Simply superb. 3,950.00	J 1516 Gem Proof Silver, R-7, 1877 Half dollar. Obverse design by Morgan, and similar to the Morgan dollar. Head of Liberty in a ring of dots; around the border "E pluribus unum" and 13 stars. The obverse like the reverse is frosted pure white with a blush to the cheek that is only seen on first strikes. Reverse has eagle seated on scroll wings fully spread and raised above head. The magnificence of the eagle is unexcelled in any other interpretation on any U.S. coin. One old time collector assembled 20 of the 1877 pattern half dollars, but never obtained this coin. A perfect coin in all respects, and a great addition to your collection at 8,250.00
J 1074 Gem Proof Silver, R-7, 1871 Dime. Longacre design again, plain field. Reverse 10 cents in wreath. Broad reverse rim. Perfection. 1,150.00	J 1157 Proof Light cleaning would indicate this is an ex-Farok piece. Don Taxay lists this coin as possibly unique and since none other has ever appeared in public auction or in any major collection, we would	
J 1078 Gem Proof Copper, R-7, 1871 Dime. Obverse as above, reverse the regular adopted die. The attractiveness of the Longacre design on small coins is mindboggling. 850.00		
J 1081 Gem Proof Copper, R-7, 1871 Dime. Absol-		

J 1528 Gem Proof Silver, R-7, 1877 Half dollar. Superb frosted gem. William Barber's famed, and infamous, Roman warrior head. Easily the most controversial of the great 1877 half dollar patterns. Heraldic Eagle reverse with "E Pluribus Unum" between wings. Even Judd called the 1877 Half dollar patterns one of the most beautiful, interesting, and rare of all series. This great rarity is easily worth our price of	9,500.00	by a ribbon; her face has a look of defiant determination. Reverse shows erect eagle with raised wings. Deeply toned. Absolutely free of any hairlines. As is most every coin in this listing.	9,500.00	J 1669 Gem Proof Copper, R-6, 1881 three cent. In 1881, patterns appeared for one, three, and five cent pieces as Col. Snowden requested a "uniform" series of minor coins. The "V nickel" head, with three bars on reverse. Interesting.
J 1542 Ch. Proof Copper, R-7, 1877 silver dollar. One of only 3 dollar patterns struck in 1877, all of which were in copper. Liberty has a "Baby Head" appearance, and is wearing a coronet with an ornamental border inscribed "Liberty" in raised letters. Reverse has "I dollar" in an open wreath. An opportunity for the pattern and dollar collector at	3,950.00	J 1613 Gem Proof Silver, R-7, 1879 Silver dollar. Obverse is the regular die by Morgan, reverse is Barber's erect eagle with raised wings. All of Morgan's dollar patterns are eagerly sought; this is perhaps the most attractive of all.	5,700.00	J 1680 Gem Proof Nickel, R-6, 1882 Five cents. Design similar to the adopted design, but legends were finally moved.
J 1556A Proof Struck in white metal unlisted in Judd. No other specimens are known making this piece unique. As with all white metal coins, this piece has a slightly rough appearance, but it is still very nice. A once in a lifetime opportunity to buy a unique U.S. coin.	3,950.00	J 1615 Ch. Proof 1879 dollar in silver. This coin features the regular obverse designed by Morgan and the reverse designed by Barber. Only 4-12 were struck R-7. This would become a prize addition to the finest pattern or dollar collections.	3,375.00	J 1690 Gem Proof Nickel, R-6, 1882 nickel. The regular adopted dies both obverse and reverse. This coin is actually as significant as the 1913 nickel, except it is at the other end of the set. Probably underpriced at
J 1584 Gem Proof Silver, R-7, 1879 Dime. The famed "Wash Lady" design by C. E. Barber, and one of the most sought of all patterns. This specimen is the ultimate in quality. A perfect frosted proof just starting to tone. Many years ago, when patterns were going unappreciated, the washlady patterns sold quickly at prices well over catalog. Don't hesitate on this beautiful pattern at	2,950.00	J 1617 Gem Proof Silver (metricalloy), R-6, 1879 Metric dollar. Congress was considering adopting Hubbell's goloid metal and the metric system of weights and measures, and metric dollars were struck as patterns at this time. Designed by William Barber. Most metric patterns have been heavily cleaned, but our original gem is just that; original, and a gem. Priced to sell at	1,450.00	J 1695 Gem Proof Aluminum, R-7, 1882 nickel. The shield design, but without ball on the point of the shield above date. Reverse regular die. Seldom seen.
J 1590 Gem Proof The famous washlady 25 cents, high R-7. Probably 4 to 5 pieces exist. Highly underrated. Beautiful design.	3,500.00	J 1627 Gem Proof Rarity 2, but seldom seen virtually free of hairlines, which is unusual as most metric patterns have seen heavy cleaning for some reason.	1,150.00	J 1707 Gem Proof Nickel (pure), R-7, 1883 nickel. Head similar to adopted design, reverse has "75N, 25C" in wreath. An unusual coin, reminiscent of the metric coinage in design.
J 1597 Gem Proof Silver, R-7, 1879 Half dollar. Again, the "Washlady" design, and again, a superb frosted gem. Reverse has eagle with raised wings. The rarity of this pattern cannot be overemphasized. One of the highest catalog values of any patterns listed in Judd.	9,500.00	J 1650 Gem Proof Aluminum, R-8, 1880 Metric dollar. The Morgan design; head of Liberty with hair fastened in bun. Judd states: "The only patterns of 1880 are the same Barber and Morgan metric sets as were issued in 1879". All 1880 patterns are rare. This one is priced at	3,900.00	J 1767 Gem Proof Nickel, R-6, 1896 cent. Very unusual, in fact almost without precedent. U.S. Shield crossed by a scroll inscribed "Liberty", reverse "I cent" in olive wreath, all within circle or dots. Extremely rare.
J 1605 Gem Proof Silver, R-7, 1879 Silver dollar. Designed by William Barber. Miss Liberty has coiled hair held		J 1651 Gem Proof Goloid, R-6, 1880 Metric dollar. The Barber design. The Barber sets of 1880 are much rarer than the corresponding ones of 1879 as only 12-15 were struck and no restrikes are known. A superb quality coin at	2,300.00	J 1770 Gem Proof Nickel, R-5, 1896 five cents. Same as above, but with "5 cents" in wreath. Very rare, as we have only seen or heard of one other piece, and it was XF. An excellent value at
		J 1652 Gem Proof Copper, R-7, 1880 Metric dollar. As above, but in copper. Gorgeous color, and unexcelled in quality by any coin in this offering. A beautiful coin.	1,900.00	J 1771A Gem Proof Barber five cent, pure nickel, then copper plated at the mint. Unlisted as such in Judd P.E., R-7.
